

horoscopes

your week's astrology

ARIES (Mar. 21-April 19): You're dealing with someone who doesn't have power and is probably pretending. Aim a little higher when it comes to the people you hang out with. When forces are in conflict, let them wear each other out until they no longer have strength to oppose you.

TAURUS (Apr. 20- May 20): Make sure you sort out your financial problems today. Face the music or you will soon be parted with lots of your money. Expect benefits in the near future from events, which are gestating now and which you may know little about or misjudge. You will have your hands full soon enough, and now you've got the time.

GEMINI (May 21-June 21): Be more careful in planning your budget. The plans that you make now will have great impact on your future. Even though you are convinced money can't buy you love, they can buy you many other things. There is a need for change, a desire to break with outmoded patterns from the past. Be different but don't scare away your well-wishers either.

CANCER (June 22-July 22): Friends that you rely on to a great extent will lend a hand just because they felt a sense of obligation. The one you should rely most is you yourself. A need to be respected is an emotionally charged issue in your life at this time. Work, achievement, and ambition: these things mean a lot to you now.

LEO (July 23-Aug 22): Most of you are standing on a crossroad right now, thinking that making the wrong decision will lead to a breakdown. This is so only if you think what you are doing is terribly important. Most probably it is not. Communicating feelings becomes more important. A friend has some vital information for you. Make time for their spin on things.

VIRGO (Aug. 23-Sept. 22): Think twice before you share thoughts about our private life with a friend. It is highly likely that it won't remain a secret very long. Emotional needs are just one of the life issues emphasized for you at this time - grab your feelings and relax.

LIBRA (Sept. 23-Oct. 23): You've been too hard on yourself. Be more gentle and forgiving when treating yourself! Lovers, children, and other people or things dear to your heart are emphasized at this period in your life. Reconnect with family wholeheartedly this Christmas.

SCORPIO (Oct. 24-Nov. 21): Life may seem strange and outrageous to you, but don't forget it is just a phase. Do something a little different today! An instinctive urge to get serious about taking care of yourself at many levels is emphasized at present.

SAGITTARIUS (Nov. 22-Dec. 21): If you feel confused as to which direction to follow, stop! Let the Universe and your destiny dictate the direction. It's a lesson in surrender right now. There is a chance to understand those around you and to have a special time with someone you love. You can be confident about the outcome of a relationship just now.

CAPRICORN (Dec. 22-Jan. 19): You have been too much concerned about what is wrong and what's right. Belief and experience will give you the truth ... just follow your intuition. A cycle of nostalgia and domesticity begins now emphasizing a need for security and a sense of roots. Spend more time for family, home, relatives.

AQUARIUS (Jan. 20-Feb. 18): Revive the fun in your love life and try not to take it too seriously. It is no time to draw general conclusions, seek the deep meaning and initiate irritatingly meaningful conversations. You can demonstrate great understanding and sensitivity to the needs of others just now and are in a good position to communicate concerning groups and society in general.

PISCES (Feb. 19-Mar. 20): No news is good news. It is better if you don't answer right now the letters and e-mail you may receive today. Don't be afraid to speak your mind in a group situation even if you feel as if you're out of your league. Your opinion will be appreciated.

THIS WEEK'S BIRTHDAY: (12/26/05-01/01/06) - You may be more romantic than usual - but you also risk being less than discriminating in your choice of partners. In January you may achieve solid improvements in some important matter close to your heart. Take advantage of whatever opportunities appear then as they may add to your long-term security.

These horoscopes are cast in general. They may not apply to all to some because many other factors may be involved (cusps, ruling houses, etc.). Gaining some insight from this, we hope you find it entertaining as well as useful.
